PROFESSIONAL SUMMARY

Computer Science Engineering student with a strong foundation in Java, C++, Python, Data Structures & Algorithms, DBMS, Operating Systems, and Computer Networks. Experienced in developing full-stack and application-based projects using Spring Boot, JavaScript, Flask, MySQL, MongoDB, and Firebase. Strong interest in software development, backend engineering, and applied AI, with hands-on experience in building and testing real-world applications.

TECHNICAL SKILLS

Languages: Java, C++, C, Python, JavaScript
Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks and Prompt Engineering.
Web/Backend: HTML5, CSS3, JavaScript, Spring Boot, Flask, REST APIs
Databases: MySQL, MongoDB, Firebase
AI/Data: NumPy, Pandas, Scikit-learn, NLTK, Matplotlib
Tools: Git, GitHub, Postman, Docker, Maven, JUnit, Selenium, VS Code
Other: Power BI, Android Studio

PROJECTS

Family Safety App | Java, Firebase, Android Studio

- Developed an Android-based family safety application using Java and Firebase for real-time location sharing and family member monitoring.
- Implemented location history and emergency safety features using Firebase services for real-time data synchronization.
- Designed a responsive Android interface to support location monitoring and family communication.

AI Resume Screening System | Python, Scikit-learn, NLTK, Pandas, Flask

- Developed an NLP-based resume screening system using Python, Scikit-learn, NLTK, and Pandas to analyze and process candidate resumes.
- Implemented resume text processing and skill extraction to identify relevant candidate information.
- Built a candidate-ranking mechanism to compare resumes against job requirements and integrated a Flask backend to deliver screening results.

LeetSync – Chrome Extension | JavaScript, Chrome Extension, Manifest V3, GitHub REST API, Gemini API

- Developed a Chrome Extension using JavaScript and Manifest V3 to automatically synchronize accepted LeetCode solutions with GitHub.
- Integrated the GitHub REST API for repository management, solution uploads, and automated README generation.
- Integrated the Gemini API to assist with solution documentation and explanation generation.

EDUCATION

Shri Vaishnav Vidyapeeth Vishwavidyalaya (SVVV), Indore	2023 – Present
Bachelor of Technology (B.Tech), Computer Science & Engineering	CGPA: 8.4 / 10
Merit Higher Secondary School, Indore (MP Board)	2023
Class XII (Senior Secondary)	Percentage: 78%
Merit Higher Secondary School, Indore (MP Board)	2021
Class X (Secondary)	Percentage: 90%

CERTIFICATIONS

- Object-Oriented Programming — NPTEL, IIT Roorkee
- Discrete Mathematics — NPTEL, IIT Madras
- Soft Skills Development — NPTEL, IIT Kharagpur
